DETAILED ACTION

1. According to paper filed on Aug. 26, 2005, the applicants have canceled claims 1-13 and furthermore, have added new claims 14 and 15.
2. Claims 14 and 15 are now pending in the application.

REASONS FOR ALLOWANCE

3. The following is an examiner's statement of reasons for allowance:

Claims 14 and 15, renumbered as claims 1 and 2, are allowed since the instant sulfone derivatives of difluoroflosequinan and a method for their synthesis are neither disclosed nor obvious over the prior art. In the prior art, Cutler (U.S. Patent 6,110,489, cited on applicants form 1449) discloses sulfone derivatives of flosequinan (see col. 4, lines 40-48) which are closely related to instant compounds. However, the compounds of Cutler differ from the instant compounds in having methyl group instead of difluoromethyl group attached to sulfone group.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
